ADVANCED INTIMATE WELLNESS SOLUTIONS

FRACTIONAL CO₂ LASER PROBES FOR SKIN RESURFACING

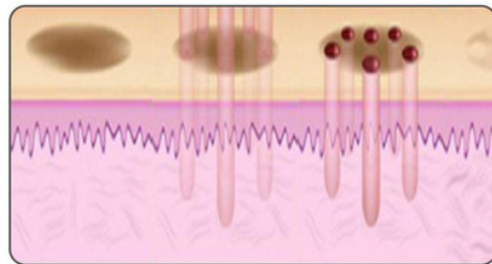

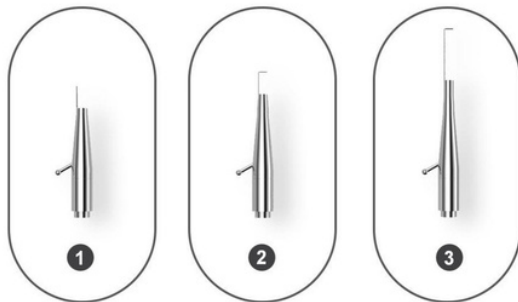

Korea imported high performance handpieces

Treatment graphic suitable for many different areas of treatment

NORMAL CO₂ LASER PROBE FOR SURGERY CUTTING

No damage to skin | Safe | Precision | No downtime | Comfortable

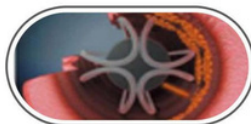

EFFECTIVELY ELIMINATING THE SKIN TAG CASING

GYNAECOLOGICAL PROBES FOR VAGINAL REJUVENATION

- Vulval rejuvenation probe
- Pink labia treatment probe
- Vaginal rejuvenation probe

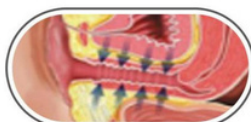

Laser irradiation angle can be adjusted

Laser irradiation can be rotated 360 degrees

The area of the laser is compact edge contraction

Vaginal walls shrink and tightening

Introducing Fracpulse by Medixora, a CO₂ fractional laser for dermatologists and aesthetic professionals, utilizing Super Pulse technology. It effectively promotes:

- Skin renewal
- Pigmentation removal
- Scar treatment

Additionally, it offers advanced gynecological treatments, including:

- Vaginal tightening
- Incontinence
- Whitening

This versatile device combines cutting-edge technology with multiple applications, making it a top choice for professionals worldwide. Elevate your practice with Fracpulse Pro for transformative results.

TECHNOLOGY PARAMETERS

Wavelength	10600nm
Power	I ~ 60W
Scan range	MAX 20mm * 20mm
Spot diameter	100um ~ 2000um
Scan mode	Order, Center or Random
Treatment mode	Fractional mode, Pulse mode, Gynae mode
Output graphics	Circle, ellipse, triangle, rectangle, square, hexagon, straight line
Delivery beam	7-joint articulated arm with rotation up to 360°
Screen	12” touch LCD display
Voltage	220/110 V, 50/60 HZ

ADVANTAGES OF FRACPULSE

- Precision & Minimal Downtime–Accurately targets skin layers for quicker healing.
- Skin Rejuvenation–Treats wrinkles, scars, pigmentation, and uneven texture by enhancing collagen.
- Versatility–Effective for skin resurfacing, age spots, blemishes, and warts.
- Gynecological Applications–Addresses vaginal tightening, urinary incontinence, and vaginal whitening.
- Non-Surgical & Safe– Minimally invasive with lasting, natural results.
- Dual Functionality–One device serves both dermatology and gynecology treatments.
