ADVANTAGES OF FRACPULSE PLUS

- Precision & Minimal Downtime: Targets skin layers accurately with faster healing.
- Skin Rejuvenation: Treats wrinkles, scars, pigmentation, and uneven texture by boosting collagen.
- Versatility: Effective for skin resurfacing, age spots, blemishes, and warts.
- Gynecological Applications: Addresses vaginal tightening, urinary incontinence, and vaginal whitening.
- Non-Surgical & Safe: Minimally invasive with long-lasting, natural results.
- Dual Functionality: One device for both dermatology and gynecology treatments.
