

Hydro

Hydro, RF, Ultrasound,
Cooling, Scrubber

HYDRAFACIAL MACHINE WITH 5-IN-1 TECHNOLOGY.

Hydro Dermabrasion
Ultrasonic Handle
Skin Scrubber
Cooling Handle
RF Lifting Head

This advanced Hydro Facial system includes five key functions for complete skin care: the Ultrasonic Handle deeply cleanses and enhances absorption, the Skin Scrubber removes blackheads and dead skin, Hydro Dermabrasion exfoliates and hydrates, the Cooling Handle soothes and tightens pores, and the RF Lifting Head firms skin and reduces wrinkles by boosting collagen.

TECHNICAL SPECIFICATIONS

Feature	Specification
Product Name	HYDRO 5 in 1
Model Number	HYDRO P
Voltage	110V/240V, 50Hz/60Hz (Auto-Sensing)
Control Screen	Digital True Color Touch Screen
Technology	H2O2 Hydrogen Oxygen Separation
Power	500W
Adjustment Modes	Manual & Automatic
Ultrasound	Frequency: 3MHz; Capacitance: 5600±15%PF
Cold Hammer Temp.	0–5°C (Cooling Therapy)
Hydro Tips	4pcs (2 Small, 2 Large)
Hydrogen Handpiece	Pressure: 90KPa; Flow: 30LF
Package Size	Host: 55×44×50cm; Trolley: 90×46×61cm
Gross Weight	Host: 22KG; Trolley: 22KG
