HYDRAFACIAL MACHINE WITH 6-IN-1 TECHNOLOGY.

- ULTASONIC HANDLE
- SKIN SCRUBBER
- HYDRA FACIAL HANDLE
- RF LIFTING HEAD
- NO NEEDLE MESO GUN
- PLASMA HANDLE

This advanced system combines six technologies in one: Ultrasonic for deep cleansing, Skin Scrubber for exfoliation, Hydra Facial Handle for hydration, RF Lifting for skin tightening, No-Needle Meso Gun for painless serum delivery, and Plasma for sterilization and enhanced absorption—offering a complete, non-invasive facial solution.

TECHNICAL SPECIFICATIONS

Category	Specification
Product Name	HYDRO 6 in 1
Technology	Hydrogen & Oxygen Separation Technology
Power	500W
Voltage	110V-240V (Auto Voltage Adjustment)
Treatment Depth	Adjustable 0.2mm–3mm
Skin Scrubber	Frequency: 38KHz; Capacity: 13000PF
RF Lifting Handle	25Hz–400Hz / 5MHz / 180W (Dual Frequency)
Hydrodermabrasion	Pressure: 90KPa; Flow Rate: 30LF
Mesotherapy	Adjustable Pressure: 5KG/CM ² –10KG/CM ²
Packaging Size	Host: 60×40×55cm (Aluminum Box)
Gross Weight	Host: 33KG; Trolley: 21KG

KEY FEATURES

- ✓ 6-in-1 Multifunction System – Combines hydrodermabrasion, RF lifting, mesotherapy, ultrasonic scrubber, hydrogen/oxygen therapy, and more
- ✓ Adjustable Depth & Pressure – Precision control (0.2mm–3mm depth, 5KG–10KG mesotherapy pressure)
- ✓ Professional Skin Scrubber – 38KHz ultrasonic exfoliation for deep cleansing
- ✓ RF Lifting & Tightening – Dual-frequency (25Hz–400Hz/5MHz) for collagen stimulation
- ✓ Hydrogen-Oxygen Infusion – Enhances hydration and skin rejuvenation
