Introducing Hydro Pro Hydra Facial: Elevate your skincare routine with our revolutionary non-invasive treatment. Designed to enhance skin health, Hydro Pro effectively targets specific concerns while delivering an unparalleled radiant glow. Unlike traditional facials, this advanced procedure ensures deeper penetration, resulting in longer-lasting effects. Transform your skin with every session and experience the future of skincare with Hydro Pro Hydra Facial.

TECHNICAL SPECIFICATIONS

Category	Specification
Power	500W
Voltage	200-240V / 50Hz
Display	10.4 inches
Ultrasound	1MHz, 26-30MHz, 0.2-0.5MHz
RF Frequency	26-30MHz
Skin Analyzer	28 MILLION HD MEGA PIXELS
Heat & Cool	Heat: 36-46°C / Cool: 0-6°C
Micro Lift	Frequency: 200Hz
EMS Nano	Current: 50-800μA
Aqua Peel	Water flow: ≤50L
Aqua Peel Probes	Soft: 3 pcs / Hard: 8 pcs
Solution Bottle	Size: 4x4mm x 250μm
Skin Scrubber	Frequency: 38KHz; Capacity: 13000PF
- Frequency	1MHz
- Modes	A: Cleaning, B: Whitening & Moisturizing, C: D
- Vacuum	Intensity: 4-5kg / Pressure: 96KPa
